"Glorifying God by Connecting the  
Sexually & Relationally Challenged  
to *Jesus Christ*"

## Three Resources

for Churches, Schools and Community Organizations  
Part of the "Stand Up for Truth" Series

1.

### Sunday Gospel of Jesus Christ Celebration Service

A platform for Pastors to give visibility to this issue. Pastors design the service and preach/teach on Homosexuality. New Hearts Outreach provides brief testimonies of change, altar ministry team, resource table, and 4-6 week follow up church training. Our experience has shown that those attending this service are given permission to come forward for help, whether loved one or overcomer.

**"I would encourage every single senior pastor to make a special Sunday on an annual basis and invite New Hearts Outreach to be involved in planning a service that deals with sexual confusion. It is the birthright of the church to talk about these issues and bring healing into peoples lives. Our experience at Generations Christian Church with New Hearts Outreach was the best and we are forever indebted to their vulnerability and expertise in handling one of the most difficult topics of our age."**

- Senior Pastor Johnny Scott – Generations Christian Church (2,500 members)

2.

### "Rhetoric vs. Reality"

A PowerPoint presentation to equip, educate and engage all believers to stand firmly on the truth and to "share the truth with love". Appropriate for various audiences both spiritual and secular.

**"Mark recently came to our ROAR community and told us about the LGBTQ movement to reeducate our young children as to how they see sexuality. This movement leaves our children unprotected and open to sexual exploitation and STD's and other negative consequences. The Christian community needs to listen to voices like Mark Culligan and to invite him to speak in our churches and to our groups to help us become aware of this movement and to learn what we can do to make a difference and protect our children."**

- Dr. Ron Eccles

3.

### "Opening the Door!": "It's Time to Talk"

A youth resource to start the discussion. Pastor Jay Peters from Chicago recently produced an hour-long documentary film on homosexuality to help start the discussion. Young people are hungry for the truth and for helpful resources. Ask us how we have seen God use this film.
